

To Whom It May Concern:

On July 5, 2022, Gov. Larry Hogan directed the Maryland State Police to immediate suspend utilization of the 'good and substantial reason' standard when reviewing applications for Wear & Carry Permits, citing its unconstitutionality.

This document is being supplied in connection with recent category changes on the Maryland Wear & Carry Permit application, and to enable me to continue processing my application without delay.

My qualification sheet and other sections have been completed as directed.

Thank you,
